ATTENTION

THIS COOLER IS BEING OPTIMIZED WITH

RD FRESH

Increasing Profitability, Enhancing Food Safety, and Reducing Environmental Impact.

WHAT IS IT AND HOW DOES IT WORK?

The product is a proprietary mix of all natural zeolites which are natures only mineral with a naturally occurring negative charge. Zeolites simply hold and lock many positive ions absorbing a multitude of environmental contaminants as well as positively charged groups such as water and ammonia. It removes the gasses that accelerate food spoilage, (ethylene, ammonia nitrate, carbon dioxide and bacteria), which increases the life and safety of the food by up to 50%.

RD Fresh Benefits

EXTEND SHELF LIFE:
Keep produce fresh for up to 50% longer.

REDUCE COSTS:
Lower energy consumption & extend compressor life up to 40% longer.

ELIMINATE WASTE:
Prevent food spoilage and cross-contamination odors.

100% SUSTAINABLE:
Natural proprietary mix, recyclable, ZERO-FOOTPRINT.

Your observation and opinion is important to us and your management.
Please pass on your input to management.
