RD Fresh is Asking its Partners to "Help Us Help Others”

“RD Fresh: Increasing Profitability, Enhancing Food Safety, and Reducing Environmental Impact.”

RD Fresh aims to transform refrigeration into an optimized preservation environment.

Our focus is on three core pillars:

- Increasing Profitability
- Enhancing Food Safety
- Reducing Environmental Impact

The RD Fresh system provides several measurable advantages for businesses:

RD Fresh Benefits

EXTEND SHELF LIFE:
Keep produce fresh for up to 50% longer.

REDUCE COSTS:
Lower energy consumption & extend compressor life up to 40% longer.

ELIMINATE WASTE:
Prevent food spoilage and cross-contamination odors.

100% SUSTAINABLE:
Natural proprietary mix, recyclable, ZERO-FOOTPRINT.

How You Can Help

We would love to hear about your experience, specifically:

1. How long have you been using RD Fresh.
2. How RD FRESH has helped your food quality, equipment, and sustainability goals.
